Engineering Manager, Platform

PROFESSIONAL SUMMARY

Engineering manager with fourteen years in backend and platform engineering. I lead teams that run payment and data infrastructure, and I care about calm on-call rotations and clear technical writing.

SKILLS

Go, Python, PostgreSQL, Kafka,
Kubernetes, Terraform

Datadog, GitHub Actions

Hiring, Incident management, Technical
writing

WORK EXPERIENCE

Halcyon Health

Engineering Manager, Platform

01/2021 - Present

Austin, TX

- Lead three platform teams of eighteen engineers responsible for the API gateway, identity and the event bus.
- Moved forty services from hand-built deployments to a shared release pipeline with automatic rollback.
- Rewrote the incident process with the support team, adding severity levels and blameless reviews.
- Hired and onboarded nine engineers and two engineering managers.
- Partnered with security on the yearly audit, owning evidence collection for the platform controls.

Corvid Analytics

Senior Software Engineer

04/2016 - 12/2020

Seattle, WA

- Designed the ingestion service that receives customer events and writes them to the warehouse.
- Split the reporting monolith into four services owned by separate teams.
- Introduced contract tests between the public API and its client libraries.
- Mentored five engineers through their first on-call rotations.
- Wrote the internal guide to schema changes that every team now follows.

Lattice Freight

Software Engineer

07/2012 - 03/2016

Seattle, WA

- Built the shipment tracking API used by the mobile apps and partner integrations.
- Replaced nightly batch exports with a streaming feed for the largest customers.
- Maintained the billing service and its reconciliation jobs.
- Added structured logging and dashboards for the dispatch system.

Kestrel Software

Junior Developer

06/2010 - 06/2012

Portland, OR

- Fixed bugs and added features to the scheduling product for clinics.
- Wrote the first automated test suite for the appointment reminders.

EDUCATION

Oregon State University

B.S., Computer Science

2006 - 2010

CERTIFICATIONS

AWS Certified Solutions Architect – Associate

Amazon Web Services

2022
